

Bob,

It was great talking with you yesterday. I'll get in touch with Bill and see what we can work out. We've have to get through our LT presentation but we'll revisit options in mid September. Please feel free to drop off any of the maps you'd like us to distribute. The favs are the recreation maps, but can use the Bremerton, Silverdale, PO Relocation Guides too, if those are available. Thanks again. Best, Patty
