Hi my name is Lori White and I'm the managing Broker for J L Scott in Snohomish.

As you know liability when referring contractors is a huge concern for brokerages and agents. In an ongoing effort to eliminate liability we are working with Premier Newlocation & Referral guide which accomplishes that task. Additionally we receive free high quality street maps which are exclusive to us. There is absolutely nothing to buy as they are always free to brokerages and agents. I'd like to meet with you to get an idea how many maps/guides your agents will need annually and show you how to possibly send work referrals to contractors agents have been loyal to over the years.
